# Description of the Guidance Pathway Planning and Tracking Tool

Provide a unique pathway plan for ESL, LBS & Credit students at each program entry point

To track student's OSSD progress and credit accumulation

Focusing on PLAR completion, as well as PLAR reporting

# Description of the Guidance Pathway Planning and Tracking Tool

Tracks the student/learner's progress from program start and exit dates to enable reporting on the length of time in each program

Tracks the program in which a student started at your school

Tracks how many of the offered programs the student attended at your school

The student's goals can be modified as they change so that everyone is kept updated.

# Description of the Guidance Pathway Planning and Tracking Tool

As a web-based tool, subsets of the collected information can be shared among:

Guidance counsellors

Teachers/instructors

Clerical workers

Administrators

This enables each to support the student as well as provide timely reporting.

This program also supports the student's movement from campus to campus.

# We hope to answer

What does the Tool look like?

Why would my Board use the Tool?

What benefits are there for students, guidance and office staff?
