Date Revised:

BOARD OF DIRECTORS POLICY

Policy Name: Governing Style

Number: GP-1

Policy Type: Governance Process

Date Reviewed: March 28, 2024

Date Revised: January 23, 2018

The Board will govern with an emphasis on provincial vision, commitment to obtaining member input, encouragement of diversity in viewpoints, strategic leadership, clear distinction of Board and staff roles, collective decisions, and a proactive, future focus. This means the Board will not be preoccupied with the present or past, or with internal, administrative detail.

1. The Board will cultivate a sense of group responsibility. The Board, not the staff, will be responsible for excellence in governing. The Board will be an initiator of policy, not merely a reactor to staff initiatives. The Board will use the expertise of individual members to enhance the ability of the Board as a body to make policy, rather than to substitute their individual judgements for the group's values.
2. The Board will direct and inspire the organization through the careful establishment of broad written policies reflecting the Board's values and perspectives. The Board's major policy focus will be on the intended long-term impacts outside the operating organization, not on the administrative means of attaining those effects.
3. The Board will enforce upon itself whatever discipline is needed to govern with excellence. Discipline will apply to matters such as attendance, preparation for meetings, policy-making principles, respect of roles, and ensuring the continuity of governance capability. Although the Board can change its governance process policies at any time, it will scrupulously observe those currently in force.
4. Continual board development will include orientation of new members to the Board's governance process and periodic board discussion of process improvement.
5. The Board will not allow any member or committee of the Board to hinder or be an excuse for not fulfilling board obligations.
6. The board will evaluate and discuss the board's process and performance at each meeting. Self-evaluation will include comparison of board activity and discipline to policies in the Governance Process and Board-Management Delegation categories.

Specific job outputs of the board, as an informed agent of the membership, are those that ensure appropriate organizational performance.

Accordingly, the Board has direct responsibility to create:

1. The link between the members of CESBA and the operational organization.
2. Written governing policies that address the broadest levels of all organizational decisions and situations:
 - 2.1. *Ends*: what good or benefit the organization is to produce, for which recipients, at what worth
 - 2.2. *Executive Limitations*: Constraints on executive authority that establish the boundaries of prudence and ethics within which all executive activity and decisions must take place.
 - 2.3. *Governance Process*: Specification of how the Board conceives, carries out and monitors its own task.
 - 2.4. *Board-Management Delegation*: How power is delegated and its proper use monitored; the Executive Director role, authority, and accountability.
3. Assurance of organizational performance on Ends and Executive Limitations through structured monitoring of the Executive Director as outlined in policies on Board-Management Delegation.
4. Decisions that the Board has prohibited the Executive Director from making by its Executive Limitations policies.

Number: GP-3

Policy Type: Governance Process

Date Reviewed: March 28, 2024

Date Revised: January 23, 2018

The Chair (Chief Governance Officer), a specially empowered member of the board, assures the integrity of the Board's process, and, secondarily, occasionally represents the Board to outside parties.

1. The assigned result of the Chair's job is that the Board behaves consistently with its own rules and those legitimately imposed upon it from outside the organization.
 - 1.1. Meeting discussion content will include only those issues that, according to Board policy, clearly belong to the Board to decide or monitor.
 - 1.2. Information that is neither for monitoring performance nor for board decisions will be avoided or minimized and always noted as such.
 - 1.3. Deliberation will be timely, fair, orderly and thorough, but also efficient and kept to the point.
2. The authority of the Chair consists in making decisions that fall within topics covered by Board policies on Governance Process and Board-Management Delegation, with the exception of
 - (a) employment or termination of an Executive Director and
 - (b) instances where the Board specifically delegates portions of this authority to others. The Chair is authorized to use any reasonable interpretation of the provisions in these policies.
 - 2.1. The Chair is empowered to chair Board meetings with all the commonly accepted power of that position, such as ruling and recognizing.
 - 2.2. The Chair has no authority to make decisions about policies created by the Board within *Ends* and *Executive Limitations* policy areas. Therefore, the Chair has no authority to supervise or direct the Executive Director.

BOARD OF DIRECTORS POLICY

Policy Name: Board Committee Principles

Number: GP-5

Policy Type: Governance Process

Date Reviewed: March 28, 2024

Date Revised:

Board committees, when used, will be assigned so as to reinforce the wholeness of the Board's job and so as never to interfere with delegation from Board to Executive Director.

1. Board committees are to help the Board do its job, never to help or advise the staff. Committees ordinarily will assist the Board by preparing policy alternatives and implications for Board deliberation. In keeping with the Board's broader focus, Board committees will normally not have direct dealings with current staff operations.
2. Board committees may not speak or act for the Board except when formally given such authority for specific and/or time-limited purposes. Expectations and authority will be carefully stated in order not to conflict with authority delegated to the Executive Director.
3. Board committees cannot exercise authority over staff. Because the Executive Director works for the full Board, he or she will not be required to obtain approval of a Board Committee before an executive action, except where the committee has been delegated specific authority to act on behalf of the Board.
4. A Board Committee that has helped the Board create a policy will not then be assigned to monitor compliance with that policy. This separation of responsibility for policy development and responsibility for monitoring policy compliance is to prevent a Board Committee from identifying with a part of the organization rather than the whole. The Board retains responsibility and authority to monitor organizational performance.
5. Board committees will be used sparingly and ordinarily in an ad hoc capacity.
6. This policy applies to any group that is formed by Board action, whether or not it is called a committee, and whether or not it includes board members. It does not apply to committees formed under the authority of the Executive Director.
7. All Board committee members shall abide by the same Code of Conduct as governs the Board.
8. Except as defined in written Terms of Reference, no Board committee has authority to commit the funds or resources of CESBA.

Revised: March 27, 2018

The Board expects of itself and its members ethical, businesslike and lawful conduct. This includes proper use of authority and appropriate decorum when acting as board members. It expects its members to treat one another and staff members with respect, co-operation and a willingness to deal openly on all matters.

1. Board members must have loyalty to the membership, unconflicted by loyalties to staff, other organizations or any personal interest as a consumer. Board members do not use board meetings as a venue to discuss, resolve or advance their own administrative challenges.
2. Board members are accountable to exercise the powers and discharge the duties of their office honestly and in good faith. Board members shall exercise the degree of care, diligence and skill that a person of knowledge and experience in the field of adult and continuing education would exercise in comparable circumstances.
3. Board members must avoid a conflict of interest with respect to their fiduciary responsibility.
 - 3.1. There must be no conduct of private business or personal services between any board member and CESBA, except as procedurally controlled to assure openness, competitive opportunity, and equal access to inside information.
 - 3.2. Board members will disclose at the beginning of board meetings any conflict of interest or divided loyalty and temporarily withdraw at the appropriate time from board deliberation, voting and access to applicable board information. Board members will bring to the attention of the board any perceived conflict of interest or divided loyalty so that the board can decide whether or not such conflict actually exists.
 - 3.3. Following the meeting at which a board member declares a conflict of interest, the Chair will meet with the Director to determine if the conflict is of a continuing nature that may best be resolved by the Director's resignation from the board.
 - 3.4. Should a board member wish to provide contract services to CESBA, he or she must immediately resign from the Board. A board member who resigns but does not become an employee may stand for election.
4. Board members will respect the confidentiality appropriate to issues of a sensitive nature.
5. Board members shall not attempt to exercise individual authority over the organization.

- 5.1. Board members' interaction with the Executive Director or with staff must recognize the lack of authority vested in individuals except when explicitly board-authorized.
- 5.2. Board members' interaction with CESBA members, the public, press or other entities must recognize the same limitation and the similar inability of any board member(s) to speak for the board except to repeat explicitly stated board decisions.
- 5.3. Except for participation in board deliberation about whether the Executive Director has achieved reasonable interpretation of board policy, board members will not express individual judgments of performance of employees of the Executive Director.
6. Board members shall be familiar with the incorporating documents, by-laws, regulations, and policies of the organization as well as the rules of procedure and proper conduct of a meeting so that any decision of the board may be made in an efficient, knowledgeable and expeditious fashion.
7. Board members will be properly prepared for board deliberation.
8. Board members will support the legitimacy and authority of board decisions, regardless of the member's personal position on the issue.
9. Board members shall regularly take part in educational activities that will assist them in carrying out their responsibilities.
10. Board members shall attend meetings on a regular and punctual basis. Absence of a board member from more than three (3) regular meetings of the board or committee in any one year board period without prior permission of the Chair, or absence from an annual conferences (Fall Conference and Regional meeting) inclusive of the Provincial Business Meeting and Annual General Meeting for reasons other than illness or personal/family circumstance shall be considered grounds for termination from the board. A majority vote of the board shall decide whether or not to terminate the board member.
 - 10.1 After two missed regular board meetings or one annual conference (and the associated board meetings) the Chair shall, in writing, remind the board member of their responsibility to attend meetings and the consequences of missing a subsequent meeting.
11. Board members shall ensure that unethical activities not covered or specifically prohibited by the foregoing or any other legislation are neither encouraged nor condoned.
12. Breaches of any element of the board's policy on Code of Conduct, including the conflict of interest provisions, shall be considered by the board as grounds for possible disciplinary action, including dismissal.
13. Alleged breaches of any element of the board's policy on Code of Conduct, including the conflict of interest provisions shall be reviewed by the Audit Committee.
14. A board member who is alleged to have violated the Code of Conduct shall be informed in writing and allowed to present his or her views of such alleged breach at the next board meeting. The complaining party must be identified. If the complaining party is a board member, he or she and the respondent board member shall absent themselves from any vote upon resolution of censure or other action that might be brought by the board. 1. When making governance decisions, Board members shall maintain a distinction between their personal interests as “customers” of the organization’s services, and their obligation to speak for others as a representative of the “members” as a whole. As the agent of the members, the Board is obligated to identify and know what the members want and need.
2. The Board shall gather data in a way that reflects the diversity of the membership. It shall meet with, gather input from, and otherwise interact with the broad base of communities, and acknowledge diversity. It shall recognize that diversity assures a broad base of wisdom, and shall seek to make decisions considering that input.

1. The Board shall establish mechanisms for maintaining open communication with the Government of Canada and the Government of Ontario regarding Ends. Such mechanisms may include, but are not limited to:

2. The Board shall consider the merits of membership in other organizations annually. For example TESL or CLO.

Date Revised: March 27, 2018

To accomplish its job products with a governance style consistent with board policies, the board will follow an annual agenda which (a) completes a re-exploration of Ends policies annually and (b) continually improves board performance through board education and enriched input and deliberation.

1. The schedule of regular meetings of the CESBA Board will be set each year at the June board meeting.
2. The Board shall maintain control of its own agenda by developing each year no later than the first quarter of the Board's term of office, an annual schedule which includes, but is not limited to:
 - 2.1. Considered review of the Ends in a timely fashion which allows the Executive Director to build a budget
 - 2.2. Consultations with selected groups in the membership, or other methods of gaining membership input, prior to the above review.
 - 2.3. Education related to Ends determination (for example, presentations relating to the external environment, demographic information, exploration of future perspectives which may have implications, presentations by advocacy groups, and staff).
 - 2.4. Self-evaluation of the Board's own compliance with its Governance Process policies, and for review of the policies themselves.
 - 2.5. Documentation of monitoring compliance by the Executive Director with Executive Limitations and Ends policies, and for review of the policies themselves. Monitoring reports will be provided and read in advance of the board meeting, and discussion will occur only if reports show policy violations, if reports do not provide sufficient information for the board to make a determination regarding compliance, or if policy criteria are to be debated.
 - 2.6. Time for education about the process of governance.
 - 2.7. Election of Chair and Vice-Chair and appointment of Committee members.

3. Based on the outline of the annual schedule, the Board delegates to the Chair the authority to fill in the details of the meeting content. Potential agenda items shall be carefully screened to ensure that they relate to the Board's job description, rather than simply reviewing staff activities. Screening questions shall include:
 - 3.1. Clarification as to whether the issue clearly belongs to the Board or the Executive Director.
 - 3.2. Identification of what category an issue relates to - Ends, Executive Limitations, Governance Process, Board-Management Delegation.
 - 3.3. Review of what the Board has already said in this category, and how the current issue is related.
4. Throughout the year, the Board will attend to Required Approvals (Consent) Agenda items as expeditiously as is possible. When an item is brought to the Board via the Required Approvals Agenda, provided that compliance with all of the criteria in Executive Limitations has been demonstrated, the Board will not discuss the item prior to approval. An exception will be made only if a majority of the Board votes to remove the item from the Agenda for discussion.

Only officially passed motions of the board are binding on the Executive Director.

1. Decisions or instructions of individual board members, officers, or committees are not binding on the Executive Director except in rare instances when the board has specifically authorized such exercise of authority.
2. In the case of board members or committees requesting information or assistance without board authorization, the Executive Director can refuse such requests that require, in the Executive Director's opinion, a material amount of staff time or funds or are disruptive.
3. Only the board acting as a body can employ, terminate, discipline, or change the conditions of employment of the Executive Director.

BOARD OF DIRECTORS POLICY

Policy Name: Accountability of the Executive Director

Number: BMD-2

Policy Type: Board-Management Delegation

Date Reviewed: December 5, 2023

Date Revised:

The Executive Director is the board's only link to operational achievement and conduct, so that all authority and accountability of staff, as far as the board is concerned, is considered the authority and accountability of the Executive Director.

1. The board will never give instructions to persons who report directly or indirectly to the Executive Director.
2. The board will refrain from evaluating, either formally or informally, any staff other than the Executive Director.
3. The board will view Executive Director performance as identical to organizational performance, so that organizational accomplishment of board stated Ends and compliance with Executive Limitations will be viewed as successful Executive Director performance. Therefore the Executive Director's job contributions shall be accomplishment of the Ends while maintaining compliance with the Executive Limitations.

Policy Name: Delegation to the Executive Director

Number: BMD-3

Policy Type: Board-Management Delegation

Date Reviewed: December 5, 2023

Date Revised: December 2, 2015

The board will instruct the Executive Director through written policies which prescribe the organizational Ends to be achieved, and describe organizational situations and actions to be avoided, allowing the Executive Director to use any reasonable interpretation of these policies.

1. The board will develop strategic plan instructing the Executive Director to achieve specified results, for specified recipients at a specified cost. These policies will be developed systematically from the broadest, most general level to more defined levels, and will be called Ends policies. All issues that are not Ends issues as defined above are Means issues.
2. The board will develop policies which limit the latitude the Executive Director may exercise in choosing the organizational means. These limiting policies will describe those practices, activities, decisions and circumstances that the board would find unethical or imprudent, and therefore unacceptable, even if they were to be effective. These policies will be developed systematically from the broadest, most general level to more defined levels, and they will be called Executive Limitations policies. The board will never prescribe organizational means that have been delegated to the Executive Director.
3. As long as the Executive Director uses *any reasonable interpretation* of the board's Ends and Executive Limitations policies, the Executive Director is authorized to establish all further policies, make all decisions, take all actions, establish all practices and develop all activities. Such decisions of the Executive Director shall have full force and authority as if decided by the board.
4. The board may change its Ends and Executive Limitations policies, thereby shifting the boundary between board and Executive Director domains. By doing so, the board changes the latitude of choice given to the Executive Director. But as long as any particular delegation is in place, the board will respect and support the Executive Director's choices. This does not prevent the Board from obtaining information from the Executive Director about the delegated areas, except for confidential data.

BOARD OF DIRECTORS POLICY

Policy Name: Monitoring Executive Performance

Number: BMD-4

Policy Type: Board-Management Delegation

Date Reviewed: December 5, 2023

Date Revised: December 2, 2015

Systematic and rigorous monitoring of Executive Director job performance will be solely against the only expected Executive Director job outputs: organizational accomplishment of Ends and organizational operation within the boundaries established in Executive Limitations.

1. The purpose of monitoring is simply to determine the degree to which Board policies are being fulfilled. Only information which does this will be considered to be monitoring.
2. A given policy may be monitored in one or more of three ways:
 - 2.1. Internal report: Disclosure of compliance information by the Executive Director, along with his or her explicit interpretation of Board policy, and justification for the reasonableness of interpretation.
 - 2.2. External report: Discovery of compliance information by an impartial, external auditor, inspector or judge who is selected by and reports directly to the Board. The external party will first be provided with the Executive Director's explicit interpretation of the policy and justification for the reasonableness of interpretation. The report must assess the reasonableness of the interpretation of Board policy, and compliance with it. This basis for assessment is *not* the standards of the external party, unless the Board has previously indicated that party's opinion to be the standard.
 - 2.3. Board Inspection: Discovery of compliance information by a designated Board member, a committee or the Board as a whole. This is a Board inspection of documents, activities or circumstances directed by the Board that assesses compliance with policy, with access to the Executive Director's justification for the reasonableness of his/her interpretation. Such an inspection is only undertaken at the instruction of the Board.
3. In every case, the standard for compliance shall be *any reasonable Executive Director interpretation* of the board policy being monitored. The Board is the final arbiter of reasonableness, but will always judge with a "reasonable person" test rather than interpretations favoured by board members or even the board as a whole.
4. Upon the choice of the Board, any policy can be monitored by any of the above methods at any time. For regular monitoring, however, each *Ends* and *Executive Limitations* policy will be classified by the Board according to frequency and method.

5. A formal evaluation of the Executive Director by the Board will occur annually, based on the achievement of the Board's *Ends* Policies and non-violation of its *Executive Limitations* policies. This formal evaluation will be conducted by cumulating the regular monitoring data provided during the year and the board's recorded acceptance or non-acceptance of the reports, and identifying performance trends evidenced by that data.
