Trillium

Agenda

- Continuing Ed Changes Already Released
- Continuing Ed Changes Coming Soon

Changes Released for TwebCE

- A student's multiple registrations in same course section is displayed on a single entry on page
- Adjustment of earned date available for Early completion courses
- Exam and final marks fields added to Student Marks page
- Combined classes can be accessed and updated on Student Marks page
- Submission date is mandatory on Entry by Class page, defaults to today or last day of class; user warned if date is outside of class start/end dates

Changes Released for TwebCE

- Unfunded cancelled sessions supported with value of D
- Independent Study register has total sessions field expanded to handle up to 9,999
- IS or PT student completing a course before Oct 31 now prints on IS register
- Lit/Num for parents register prints details for one day classes
- Lit/Num for Parent classes that run for a single day now have the correct ADE calculated

Changes Released for OnSIS

- Night/Summer submissions report all lessons by school code/year instead of submission dates
- Unfunded sessions excluded from total session counts
- Students with multiple entries into the same course now includes ADE from all entries, not just the first one
- Students taking multiple Lit/Num courses with the same start date and time will generate a warning and only one will be counted

Changes Released for OnSIS

- Developmentally delayed ADE was reported in the Sep-June field instead of Summer, causing an OnsIS error
- When reporting SHSM courses, Co-op courses that had been reported as Other Credits did not have the correct credit type (15) reported
- Correspondence ADE was not calculating correctly when the same six character course code and section were offered a multiple schools
- Some PLAR mature and Equiv credits were not reported for Night schools

Upcoming Trillium Changes

ILE Register to include only Pupils of the Board student sessions and hours in the Hours of funded classroom instruction, not planned sessions and hours based on the course schedule. (CT 4.00.00)

Course List for Grant Purposes extract includes all students in pupil enrolment fields, but total pupil hours include only POB student hours (CT 4.00.00)

Upcoming Trillium Changes

- 2017-2018 Register layout/terminology changes (CT 4.10.00)
- Funded sessions reported in Sep-Jun or Summer based on student entry date (CT 4.10.00 and School 5.40.20)
- ILE elemental student data to be suppressed (OnSIS 4.00.00)

Upcoming School 5.40.20 Changes

- Students who are in and out of the same course several times will have all lessons counted
- Students taking same course at day school and correspondence at the same time will not have lessons included in their session total
- Lesson completion page no longer scrolls back to top of screen while user entering last rows of lessons
- Vertical scroll bar added to Entry pages

Upcoming School 5.40.20 Changes

- Eligible for transcript flag will be set on for courses with passing marks or failed senior courses
- Full compulsory credit to be incorporated from SchAdmin in a future release
- School list will include Con Ed schools as well as Secondary schools
- Gender changes for Course List for Grant Purposes will count non M or F values as M
