Board Project Expenditures 2016-2017

Phase 4 Results:

- 17 school boards
- 428 hybrid courses
- 10,358 adult learners across Ontario
- 2015-16 & 2016-17 @TDSB all hybrid **versus** non hybrid courses in *isolated* school years showed statistically significant improvements in **retention** and **achievement**

District School Board East

- **Face to face** contact had a **positive (+)** effect on **credit accumulation** within a *voluntary* attendance model:
 - **Fully Online** - **34%** success rate;
 - **Attended 1-9 days** - **44%** success rate; and
 - **Attended 10 or more days** - **85%** success rate.

District School Board South-West:

Student Voice Survey (n=50) highlights:

- 48% of learners were 18-21 years of age
- 64% had never taken an online course before
- 98% reported that they enjoyed the hybrid learning option
- 86% rated their overall hybrid learning experience as 'Excellent' or "Very Good"

Digital Readiness Gaps

Americans fall along a spectrum of preparedness when it comes to using tech tools to pursue learning online, and many are not eager or ready to take the plunge

Phase 5 Project Goals:

- To build **capacity** within Adult & Continuing Education programs to enable the reflexive exploration of **technology enhanced learning**
- Expand access to hybrid **teaching** and **learning** to previously un- or under-serviced areas throughout Ontario
