Sector Day Content- Block B

Presentation by Lesya Granger: **Evidence-based IL advocacy, promotion, and program growth**

Description: This session will provide administrators with an opportunity to discuss IL program growth; discussions will be CESBA 2021 Sector Day grounded in specific recent IL research findings pertaining to Ontario ConEd administrators and to second language education (SLE). Participants will be guided by a framework of concrete action areas, such as the development and improvement in IL credit course programming in Ontario.

Executive summaries of key IL docs and supports, concrete research findings, and specific program ideas will frame and encourage discussions that clarify IL admin work, and that concentrate on IL credit issues: the importance of clear and concise course outlines,

lesson planning, assessment & evaluation, immersion and SLE approaches, as well as professional development and coaching in that context.
