- The CAVLFO's mission is to provide a dynamic and high-quality learning environment in French, fostering the academic, cultural, and social development of students. It operates within the legislative and regulatory framework of education in Ontario and implements the province's curriculum in a Francophone context.
- The welcome kit was designed by the CAVLFO for our high school online students. While our resources were developed for our adolescent learners and are exclusively in French, they also offer significant benefits for adult learners.
