# Welcome To: Data Task Talk Brainstorming

## Group Discussion

# Since Funding Began in 2020....

It has supported:

- 5 new boards to begin PSW programming
- Increased the number of sites within some boards
- Close to 7,000 new school board PSW graduates enter the workforce
- Created new jobs for nurse/clinical instructors
- Reduced barriers to students

# The why of data collection....

## Data drives \$

- Data supports and validates the return on investment
- Data supports and validates the need for continued funding
- Part of CESBA's Quality Assurance

# Food for thought...

“If it isn’t documented it didn’t happen”

# What are your top three....

**1. Challenges** to completing CESBA surveys for PSW programs to collect data.

(ie: Timing of surveys, length of surveys, not knowing quite how to input data, etc)

**2. Tools and resources** that could assist you and make it easier for you to complete the surveys.

(ie: Develop an excel tracker sheet to use overiewing what data and information is needed and when it will be needed, have as part of conference and Spring Workday, etc)

And now for....

# LUNCH AND SOCIAL TIME

See you back at 130pm!

## FORWARD TOGETHER

CESBA Conference 2024
