

THE SCHOOL BOARD ADVANTAGE:

Quality

Fully recognized by all provincial Ministries, school board PSW programs have the highest training requirements in the province and are taught by qualified nurses, many of whom are certified teachers. All programs meet and exceed provincial government PSW Training Standards and undergo a third-party Quality Assurance process every 3 years.

Flexibility

Many programs offer part-time, evening or accelerated courses, and you can finish your program in as little as 5 months. Some programs have Living Classroom sites that are run within a long-term care home. With over 40 sites across the province, you can find a PSW training program near you.

Opportunity

You can work towards obtaining your Ontario high school diploma while training. There are also bridging opportunities to other post-secondary programs like nursing.

BECOME A PERSONAL SUPPORT WORKER (PSW) THROUGH YOUR LOCAL SCHOOL BOARD – FOR FREE!
